

CDC RUFFIAN

White Milling Oat

A Serious Contender

For growers looking for a high yielding, easy thrashing, short oat variety that stands well and produces little straw. CDC Ruffian has high test weights and low thins making it hard to beat.

Highlights

- Good standability, easy to harvest
- Short stature
- High test weights

Parentage: OT399/OT559

CDC RUFFIAN AGRONOMIC AND DISEASE DATA

Variety	Yield (kg/ha)	Yield (% of Dancer)	Maturity (days)	Height (cm)	Lodging	Plump (%)	Codema Groat (%)	B-Glucan (%)	Stem Rust	Crown Rust	Smut
