# Fall Rye

## Farm Benefits:

Fall rye is a great sustainable crop to add into your rotation. It helps with soil health, natural weed suppression and disease control. It is high yielding and low maintenance.

## Health Benefits:

The health benefits attributed to adding rye to your diet are a result of the nutrients, minerals, vitamins and organic compounds that can be found in it. Some of these key components include manganese, copper, magnesium, phosphorus, dietary fiber and antioxidant compounds.
